To see if your address is evacuated, use the online, up-to-date evacuation map for Sonoma county available at <https://tinyurl.com/centrallnuevacs>.

Conditions are subject to change at a moment's notice. Please continue to adhere to road closures and any evacuation warnings. If you see electrical wires on the ground, stay clear and contact PG&E immediately. Trees and poles with deep charring, particularly if still smoking, should be considered hazardous. Please drive slowly and yield to emergency personnel in the area. If at any time you feel unsafe, please call 911. There will still be smoke in the respective areas as firefighters continue firefighting operations. We encourage the public to remain prepared for wildfires by visiting [www.readyforwildfire.org](http://www.readyforwildfire.org).
